Parents will register kindergarten students at the building level based on the following criteria.

2. If a student has attended a Des Moines Preschool Program.

If a kindergarten student is new to the district they will register at the Welcome Center.

All new kindergarten students not falling under the two listed criteria above will register at the Welcome Center.

Parents need to call the Welcome Center to schedule an appointment with Diane Schultz (**242-7371**).

It is very important that all parents register their incoming kindergarten students early because planning is done early and class size numbers are very important is this process.

We are working on our incoming kindergarten lists at this time even prior to registration, so please feel free to send us an email to terrie.price@dmschools.org even if you are required to register at the Welcome Center.

Please include in your email:

Parents? Names and phone numbers, address, email addresses

Child?s name and birthdate (Child must be 5 years old on or by September 15, 2012 to enroll.)

Preschool questions can be directed to 242-7588.
