DES MOINES PUBLIC SCHOOLS

EDUCATING DES MOINES
THEN. NOW. TOMORROW.

The Infinite Campus Portal provides access for guardians and students to view information as it is being entered by teachers, counselors, and staff. Guardians will have access to their student's attendance, fees, schedule, and family demographic information all from one login. The district and school buildings may also post notifications to guardians through the portal.

Once a guardian supplies the school with an email address a Campus Portal account is automatically made. To access the portal, open your web browser (Internet Explorer, Firefox, etc.) and use the URL: <http://www.dmps.k12.ia.us/CampusPortal/>. This link will provide information on how to use the portal, how to request an account, computer requirements and other helpful information. If a guardian needs further assistance with their Campus Portal account, they may contact the help desk through email at portal@dmps.k12.ia.us. Include your name, and a description of the problem or your request.

Please do not call the school directly for account access.

Once a guardian logs into the Campus Portal, they are provided with a navigation bar on the left side of the screen. On the upper right side of the screen, district or school notices may be posted. On the bottom right side of the window, the user will see an Inbox where messages have been sent to them. If a guardian provides an email address, the messages in the Inbox will also be emailed to them.
